## Students To Make P. A. System Possible

### School Bus Plan Is Not Accepted

At the school board meeting of Nov. 4, the problem up for discussion was the high school bus, which would be used in transportation of students for out of town events, and field trips.

This project was thoroughly discussed but because the bus was not budgeted and finances are low, further action is not to be taken until next year.

Athletic and other organizations may buy the bus this year if they wish to earn money towards it. The board thought that a school bus would reduce the dangers met by students who go out of town for various events. It would also solve transportation problems for money events.

### Plans Are Made For Book Week

Miss Neville, assisted by the rest of the English department will sponsor the book week assembly. The assembly is to be given on Nov. 21. Portraits from 14 different books, ranging from Mother Goose to Shakespeare's tragedies, will be presented with members of the English department as the characters. Among the subjects shown will be love, adventure, tragedy, home life, and boys' pranks.

The music will be furnished by Mr. Roland Schafer and Ted Winters. The scenery which has been carefully made by Mr. Schimmel is appropriate. The lighting effects will be supplied by Mr. Henry Lewis.

Barry Alford, Thomas Haig, Perry Skelt, and Bill Hartman will take part.

### Ypsi Defeated In Debate

The Lincoln Park negative debate squad defeated the Ypsi High affirmative team Thursday in room 221. The subject as usual was concerning the government monopoly of instruments of war.

Ypsi's debaters were Dorothy Darragh, Carol Sweet, and Ulrich Gress. The judge was Mr. C. W. Batchelder, a debate coach from Texas, and he gave a detailed discussion in giving his decision.

### Council Will Sponsor Senior Division Party

#### Assistant of Houdini

Heaney, the Magician

Magic performed by Heaney, a celebrated magician, astonished his audience last Friday, Nov. 15. He did many disappearing acts with a deck of cards. One of the most mystifying was that of cards, flowing from the mouth of a student who had been called to the stage. A hysterious cage disappearing act was also performed.

#### Bake Sale To Be Held By Girls Athletic Club

A bake sale is to be held in the lunch room Wednesday, Nov. 20. It is to be sponsored by the G.A.C. and the money will be used to purchase pennants to sell to the students.

The committee is as follows: Betty Squiers, chairman; Virginia Tyler, Marjorie Tefft, Mary Louise Lamb, Carol Freeman, and Mary Ann McKie.

### Sound Pictures To Be Reality

#### Future Farmers, Student Council, Classes To Co-operate

The Student Council hopes to install a Public Address System in Ypsilanti High School. This system is one in which an amplifier is placed in every room. In this way announcements could be made from Mr. Wiltse's or some other office, and go to every room at the same time. All of the students would be able to enjoy radio programs in their class rooms. This method would eliminate considerable office work, especially, in preparing announcements. Many schools are using the P. A. System, and find it very satisfactory.

The amplifiers of course cost a great deal of money. Various projects are being considered to make enough funds for this system. The Student Council has voted to have students sell magazines.

In addition to this project, through the efforts of the Future Farmers Association, and the backing of the Student Council, the school will have a moving picture machine, with a portable amplifier. This machine will be available to organizations and will afford entertainment. The latest, and best films are to be obtained. Movies will be regularly given after school and probably in the evening at a small cost. This money will help in payments on the machine.

Mr. George Harvey, a famous snake collector, was brought to school by a former student, John Herbst. Mr. Harvey has had 27 years experience as a snake collector, dealer, student and exporter.

He spoke to the first hour biology class and the second hour agriculture class and returned later in the week to speak to the last hour biology class.

He spoke on his experience with snakes, exhibited snake skins, showed pictures, and the serum obtained from snakes. He showed the sticks he uses to catch snakes.

## Will You Be Next?

Children playing in the streets should have a better place in which to play. The increasing number of accidents shows that a large number of children are killed each year as a result of playing in the streets.

It is mental cruelty to the mothers of our younger generation, who know not when their sons and daughters will be brought home to them in an ambulance.

In many cases it is the children's fault if they are hit, but we have our traffic officers, and our traffic lights. To observe them is the only way to survive.

Everywhere police are starting safety campaigns to decrease accidents, and injuries to human beings. If everyone would be careful, and obey the laws there would not be any use for police.

"To cut down on traffic accidents will be to preserve the youth of tomorrow." Everyone should do his part in this movement to cut down the large number of accidents.

## Fitting Memorial Wanted

There is a movement in this country to create a monument for Will Rogers, comedian, humorist, humanist, American. It has been said by the Will Rogers Memorial committee that they want no cold marble shaft to commemorate such a man.

Probably there is not one of you who has not laughed with Will Rogers, and you have all mourned his passing. We feel that it is fitting that Ypsilanti High School be represented in the contributions. If you wish to make a contribution bring it to the Sem Office, where there will be a box for contributions.

Then there comes the question of what the memorial will be. With the contributions we should like to send a suggestion. If you have any ideas put them in the Chat Box. For example they might build a library, with a mural of Rogers' life in the lobby, or a hospital for children.

Let's have Ypsi High well represented.

## Hannah's Column

Dear Helpful Hannah,

My shoes which I bought seem to want to advertise me, so they squeak incessantly. Please suggest a remedy.

Eddie Herbie.

Dear Eddie Herbie,

Why not sit down awhile. If you don't care to do that try going barefoot.

Dear Helpful Hannah,

What can a person do to keep from going to sleep in Latin class?

L. B.

Dear L. B.,

The only thing I can say is to drop Latin. Another idea would be to sit on a tack all hour.

\*\*\*

Dear Hannah,

I have great trouble in trying to remember that I always go down stairs right if I keep to the left. I get mixed up on the first landing. What shall I do?

Dear Miss Parrish's Pet,

Why don't you try sliding down the rail?

## Minute Interviews

Question: How did you learn to dance?

A gift from God. Margaret Duffy.

\*\*\*

One night last year at the Sophomore reception, Malcolm Chubb and I danced together and he swung me around so much that I got dizzy, and then he asked me to break up two girls which we did. That's how I started to dance. Bill Coleman.

\*\*\*

Just kept trying. Mildred Harris.

\*\*\*

I learned to dance by watching other people struggle on the dance floor. Hazel Lowell.

\*\*\*

I'm not just sure that I've learned, but the beginning was made at the home of a young Miss of Ypsi High in my senior days. Mr. Hill.

\*\*\*

I learned to dance by dancing with people that were bigger than I and they just dragged me around until I caught on. Ed Morhous.

\*\*\*

With my feet. Zelma Pocklington.

\*\*\*

I learned to dance by dancing with my sister, and a crowd that used to hang around in the neighbors' cellar accompanied by a victrola. Gerhard Kindshoven.

\*\*\*

I still don't know how but I just got out on the dance floor and let my feet do the worrying. Isabelle Boik.

\*\*\*

A group of us went to each other's house, and as one or two knew how to dance, we all learned from them. Virginia Laurain.

## Germs Gathered By A Bit O' Grit

### Cupid Is Still Around

Helen Holleran and Ulrich Gress are getting more deeply involved all the time. Ulrich has the habit of reading out loud to her, just like a couple of honeymooners.

\*\*\*\*\*

### Lucille Doesn't Believe Him

Lucille Hochrein doubted Mr. Sinden's word that chlorine has an extra strong odor, so she stuck her nose into the bottle of chlorine and took a big whiff. (She wasn't the only one who doubted his word and got a mouth full.)

\*\*\*\*\*

### My! My! Mr. Gooding

Bob Gooding met a girl the other night at the Lutheran church and walked her around town. However the name of the "Date" isn't known. (Ashamed of her Bob?)

\*\*\*\*\*

### Will They Need One?

Bob Shepherd and (censored) are evidently going together to the Press Association convention in Milwaukee. Harry Steinberg says he is going along as a chaperone.

\*\*\*\*\*

### We Had a Jolly Time

Jo Ann Bigger attended the movies with George Cobb and enjoyed herself. The following evening they spent a quiet evening in her home.

\*\*\*\*\*

### Always Creating a Scene

The excitement over the Allen Wright accident wasn't enough for Margaret Duffy, so she fainted in English the same morning to create more excitement.

\*\*\*\*\*

### What Will She Knit Next?

Margot Holzhauer had a birthday Nov. 12. The next day she wore a blue knitted dress to school. Was it a birthday gift or did Betty Squires knit it for you?

\*\*\*\*\*

### Old Faithful

Dick Bibbins has been going with a girl from Ann Arbor lately, but he still asks to take his one and only Ypsilanti girl to all of the nice out of town dances.

\*\*\*\*\*

### License Makes a Difference

Since Mildred Harris purchased her driver's license she has developed into quite a gad about.

\*\*\*\*\*

### There Must Be a Cause!

About two years ago Mr. McLaughlin bought a black hat, which he has not worn for some time. A few days ago he tried it on and discovered a great change had taken place. Either the hat had shrunk or something had affected his head.

## Seniors Still Lead As Hockey Champions

The juniors held the championship bound seniors during the first half of their hockey game, Thursday, Nov. 7.

In the third quarter Pocklington and McCracken each made a goal. Two scores were also made in the fourth quarter by McCracken. The final score was 4 to 0 in favor of the seniors.

—YHS—

### Seen From The Sidelines

Quite a few members of the staff got a kick out of the first story that took them on a chase. Others we find were simply ALL out of breath.

Dick Harner and Ruth Dana have been holding conversation and hands after school. (The exact location has been at Dick's locker).

Kenny Thayer and Gordon Haaxma get most of their vocal practice and most of their audiences when they harmonize in the hall at noon.

Gerry Burrows will be known as the "Sweet Heart of the Strings" from now on.

The G-Men of the Senior Class are: "Gooding, Goodsman, Gress and Gordon, and, of course the Green Bro's.

"Life is just a bed of roses," according to Mary L. Walker. (She has a new boy friend.)

This week we found that Bob Kenady hadn't had his name in the paper in so long that it would be nice to show him what it looks like. He deserves publicity for the hard work he does in writing checks for the Sem.

George Cobb made a speech in Modern History on Monday, Nov. 11. We understand that it was an Armistice day speech. But our impression of this day is a day when one was to lay down arms.

In the game between the Seniors and the Juniors there was no one hurt, believe it or not, besides a few accidental cracks.

Ed Ziegler and Frances Gatten chatting in the hall before school starts in the morning.

## Sophomores Advance In Hockey Tournament

Progress was made by the sophomores toward the hockey championship, Wednesday, Nov. 6, on Island Park. The weather was excellent for hockey with a brisk cold breeze.

The game was between the sophomores and the ninth graders. The first goal was made by "Cleaner" Nepodal, a sophomore. The first goal for the ninth graders was made by Chapman. Kissane made the second goal for the sophomores. Hutchins made second goal for the ninth graders. At the was 2-2. Grady made the third was 2-2. Grady mad the third score for the sophomores, making the score 3-2. Kissane scored again and the game ended with Grady scoring again, bringing the score up to 5-2 in favor of the sophomores.

## Football Reserves Defeat South Lyons

Albert Jones led the Ypsi reserves to victory over the South Lyon team Wed. Nov. 13. The reserves won by the score of 32 to 6.

This, the second victory for reserves, ends the Ypsi High football season for 1935. Al Jones made four touchdowns in the first quarter and then passed to Ed Knox for the fifth touchdown.

South Lyons rallied in the third to score their only touchdown. Jones of South Lon pased to Charles Smith who ran 30 yards for the touchdown.

The early lead obtained in the first quarter made it possible for every reserve to play at least part of the game.

—YHS—

## SOPHOMORES DEFEAT SENIORS IN HOCKEY

The hockey game between the seniors and the sophomores Thursday, Nov. 14, determined with whom the seniors will play off the championship. The score at the end of the game was 5 to 3 in favor of the sophomores.

The game, however, was played well by the seniors regardless of the final score. Pocklington was injured quite badly by one of the sophomores but she remained in the game. Seniors making goals were, Pocklington, Holzhauser, and Bibbins.

## Volley Ball Season Opens After Hockey Season Ends

Volley ball season is going to start directly after the hockey season closes. The hockey games have been a little slow in finishing because of the weather.

The games are to be played on Mondays and Fridays third hour. Schedule is as follows: Nov. 15, Juniors vs. Sophomores. Nov. 18, Seniors vs. ninth graders. Nov. 22, Juniors vs. Seniors. Nov. 25, Sophomores vs. ninth graders. Dec. 2, ninth graders vs. Juniors. Dec. 6, Seniors vs. Sophomores.

## Bill Wales Is Named To Honored Position

Laurals have been placed on the head of Bill Wales, captain of the football team, in the form of being named to the position of end on the all-Star team, of the Twin Valley League.

He has been called the best end playing on any Michigan high school teams according to Coach Foy. Bill is very good on both offensive and defensive playing and on tosing and receiving passes.

Others who have been recommended are Lewis Everard, quarterback, and Captain-elect Victor May.

## Ypsi Reserves Conquer Wayne

Team That Will Play Next Year  
Plays Post Season Game  
With Wayne

A football team consisting of juniors, sophomores, and ninth graders journeyed to Wayne to win against a similar team by the score of 16-0. This team showed much promise in the game, Thursday, Nov. 7.

The line showed Coach Foy that he will have a strong front wall for his next year's team. Al Morris was taken out of the center position and put in the backfield. In this position Morris displayed much power on plays going through the line. Morris accounted for the two touchdowns. Al Jones filled the quarterback position very efficiently. Jones added a point after touchdown and scored a field goal from the 20 yard line. Giles Fox seemed to have a knack of getting under passes and of hanging onto them.

The team completely outplayed the Wayne players throughout the entire game. The opponents were kept in their own territory and were not allowed to threaten the Ypsi goal.

## New Magazines In Library, Others Due

New magazines in the Library are the Leisure, Saturday Review of Literature, The Premier Rayon Review, The Travelers' Standard, Recruiting News, and The National Humane Review. Others are going to arrive soon.

The Saturday Review of Literature contains critical essays on new books by well known writers. It is a great help in finding books one likes to read. The War Department has sent our library a copy of their "Recruiting News," which is a magazine about and for army men. It contains facts about guns and stories of soldiers. A Journal of the doings of the Humane Societies is the National Humane Review. It tells a great deal about the care of animals. The Travelers' Standard is a little booklet showing how many types of accidents can be prevented. A great deal of advertising but a lot more intelligent articles are contained in the Premier Rayon Review. It discusses to a great extent the chemistry in the making of Rayon. It discusses the nation's problems. It has an interesting article by Jack Dempsey on "pleasing the public." It tells good buying policies for retailers. In general it presents useful information which the reader will find to his liking.

The Leisure Magazine is called the "Magazine of a Thousand Diversions." It discusses every kind of hobby from mathematical brain twisters to skating and needlework. "Leisure" is certainly a good magazine to read at your leisure.

## Father Cairns Is Armistice Speaker

The Armistice Day assembly was addressed by Father Cairns, state chaplain of the American Legion. Fred Battelle, local legionnaire, introduced Mr. Hill, who led the Flag Salute, and then introduced the speaker. Father Cairns gave his views on the subject of war and told some of his own experiences in the army. One point which he particularly emphasized was "look behind the label before you join" meaning not to join any organization before you investigate it.

During the program the band played a group of selections including "The Star Spangled Banner" and a medley of war time songs. The High School Octet sang two songs, "Pressing By" by Purcell and "The Builder". After the speaker had concluded the band played taps, and the assembly was dismissed.

## Ypsilanti Debaters Lose To Plymouth

Plymouth debaters defeated the Ypsi team in the music room Thursday, Nov. 8. The subject which does not change from debate to debate was Resolved: That the several nations should make government monopolies of the sale and manufacture of all combat instruments of war. The Ypsi debaters were Dorothy Darragh, Carol Sweet, and Ulrich Gress.

At the end of the debate Professor Osgood of the University of Michigan decided that the negative which was upheld by Plymouth had explained their points better, had spoken in a more fluent manner, and had answered their opponents' arguments better than had the team from Ypsilanti.

So Ypsi lost its first home debate. Our debaters however are not downhearted and hope to win next time they debate.

## Four Newspapers Are Taken By Library

Four newspapers are now being received by the library. The New York Times is taken daily and Sunday for its national and international news. The book review and magazine section of the Sunday paper are especially recommended by Miss McCrickett. The Ypsilanti Press is taken for its local news. All the clippings concerning the school or its activities have been saved for many years back. The Ferris Weekly and Normal News are donated to the library. The Detroit News will soon be added to this list for its editorials, and its local and state news.
